Sugarcane Field Day

The Sugarcane Field Day is an annual event hosted at the University of Florida Research and Education Center in Quincy (NFREC-Quincy). This event is geared to new and existing sugarcane producers and syrup makers interested in learning new and updated agricultural and production techniques and new sugarcane varieties for different potential uses.

Each year various state and regional renowned speakers come to share with farmers and producers their experience in sugarcane production such as:

- Weed Management
- Insect and Disease Management
- Nutrient Management
