

Kendra Zamojski

Interim – Northwest District
Family and Consumer Sciences Agent III

(850) 875-7100

hughson@ufl.edu

155 Research Rd, Quincy, FL

Educational Program Focus:

Family and Consumer Sciences Programming in the Northwest District:

- Contribute to the development, implementation, and evaluation of regional and statewide scholarly extension programs that serve all NW Extension District counties. For example, lead annual FCS impact evaluation projects for FCS in the District and at NFREC.
- Provide leadership and educational expertise in program development in the health disciplines of FCS, including the development and dissemination of educational materials, regular communication, support of extension faculty in the district, and professional development for extension agents.
- Lead, develop, and manage FCS programming in NW Extension District UF Engagement projects with UF colleges and departments beyond IFAS.
