

Nick Simmons

County Extension Director

Extension Agent II

850-475-5230

n.simmons@ufl.edu

3740 Stefani Rd

Cantonment, FL 32533

Educational Program Focus

- Provide practical education programming to increase production and profitability for livestock producers in Escambia County. Demonstrate applicable production practices for both large and small farm clients in a variety of agriculture enterprises.
- Provide leadership serving as County Extension Director in Escambia. My goal is to give direction and support to county faculty and staff to increase awareness and effectiveness of Extension programming.
- Support growth and success in the 4-H youth development program, primarily in the area of youth livestock programs. Provide support and direction to 4-H youth development agents in program planning and implementation.
