

Limited Structural Pest Control Training

Okaloosa County Extension Office
3098 Airport Rd Crestview, FL 32539
January 15, 2019
8:00 am - 3:00 pm
Cost: \$20.00 for training materials

Please pre-register by calling:
(850) 689-5850 or online at:
<https://limitedstructuraljan2019.eventbrite.com>

7:30-8:00 a.m.

Registration

8:00-8:30 a.m.

Welcome and Paperwork

8:30-9:20 a.m.

Florida Licensing and Safe Pesticide Handling

Applicators will be familiarized with Florida's many rules and regulations addressing pesticide application in and around structures. Learning how to safely work with these products enables the applicator to protect themselves, occupants, and the environment.

9:20-10:10 a.m.

Structural and Household Pests Identification and Management

Pesticide applicators will gain skills in identification of common household pests, such as roaches, ants and flies. Management techniques to monitor and control these pests will be outlined.

10:10-10:25 a.m.

Break

10:25-11:15 a.m.

Label Reading

Pesticide applicators must be able to locate the right information on the product label in order to accurately and safely treat for pests. Through a hands-on reading activity, they will develop this skill.

11:15-12:05 a.m.

Integrated Pest Management of Household Pests

Physical control measures, such as sanitation and traps are part of a complete IPM program for structural and household pests. Applicators will learn which techniques to use and when is the most effective time to utilize them.

12:05-1:00 p.m.

Lunch

1:00-1:10 p.m.

Evaluation / CEUs Issued

1:10-3:40 p.m.

Exam

COST

\$150 State Exam Fee
