

# Private Applicator Pesticide License

## Training

**Thursday  
January 18, 2024**

UF/IFAS West Florida Research  
& Education Center  
4253 Experiment Drive Jay, FL 32565

**Registration begins at 8:00 a.m. • Training begins at 8:30 a.m.**

**Cost: \$25/person**

**Lunch will be provided • CEUs will be available**

A “private applicator” is an individual who has reached the age of majority (generally 18 years old) and is licensed by FDACS to use or supervise the use of any restricted use pesticide for purposes of producing any agricultural commodity on property owned or rented by the licensed person or that person’s employer. This license is for farm, ranch, grove, nursery, sod farm applications, etc.

Attendees will learn the basics of applying pesticides correctly and will be able to take the exams (Private Applicator and Core) necessary to become certified private applicators by FDACS.

### **WHO NEEDS A LICENSE?**

Anyone using or supervising the use of restricted use pesticides on agricultural or related sites in Florida. Agricultural and related sites include but are not limited to the following areas:

- farms
- plant nurseries
- livestock
- forests
- ornamentals and turf not associated with structures

**Attendees must pre-register to ensure the correct number of exams will be available.**

**To Register Contact: Bethany Caraway • 850-857-2313 • [bethanydiamond@ufl.edu](mailto:bethanydiamond@ufl.edu)**

*The University of Florida is committed to providing universal access to all of our events. For disability accommodations such as sign language interpreters and listening devices, please contact [bethanydiamond@ufl.edu](mailto:bethanydiamond@ufl.edu) at least two weeks in advance.*
