

# Test Soil Health For Free

***Be aware of the health of your soil for a better management!***

A one-time free soil health test for livestock producers in Florida to help improve soil management in rangelands

## Why test for soil health?

- To optimize production
- To improve nutrient management
- To prevent environmental contamination

Test results include soil pH, soil organic matter content, available phosphorus, potassium, magnesium, calcium, and more!

For sign up, scan the QR code or go to <https://forms.office.com/r/dPFi8Eu0Ue>

For questions email at [ylin2@ufl.edu](mailto:ylin2@ufl.edu) or call (352) 294-3125

*This opportunity is funded by the Florida Cattlemen Enhancement Board and UF IFAS Archer Grant*
