We have the Farm Technology Field Day scheduled for Monday, September 23rd in Quincy, Florida at the North Florida Research and Education Center. The event will offer three training tracks on farm technology operations:

- Tractor Operation and Safety
- Implement Calibration
- Chainsaw Operation and Safety

Participants will choose one of the tracks to attend and will receive a certificate upon completion of their course. Trainings will also include advance online pre work prior to the field day.

Event Fee:

There will be a \$75 charge for the workshop. This fee covers the training cost for each track and lunch during the event.
