### Educational Program Focus:

- **4-H Youth Development**

My focus is to develop student enrichment programs throughout Gadsden County. These programs will include Tropicana Public Speaking, school based clubs, Livestock Club, Horticulture Club, day and summer camps and other youth development programs

- **Volunteer Expansion**

Provide training and support for recruiting, educating, screening, sustaining and supporting teens and adults for the Gadsden County 4-H program. Volunteers are essential for successful 4-H clubs, events, and alliances.

- **Life Skill Development**

The Gadsden County 4-H program assist youth in obtaining and understanding essential skills needed to be productive members of society.
