Educational Program Focus:

4-H Youth Development

- Provide leadership and consultation to 4-H youth and adults. Plan, implement, and evaluate 4-H programs, (community clubs, school enrichment, camps, and other activities). Create a safe and positive environment for youth to excel and develop life skills that will empower them to be productive citizens. Offer diverse educational opportunities for 4-H youth participants to be successful in making good decisions. Recruit, screen, train, and supervise adult and teen volunteers.

Family & Consumer Sciences

- Plan, implement, and evaluate educational programs offered to limited-resource youth and adults in the areas of nutrition, health, food safety, and career development. Provide educational opportunities to the families in our community that focus on disaster preparedness, financial stability, food resource management, good habits and overall well being.
