2012 County Extension Impact Report

Educational Program Focus:

- **Beef Cattle & Forage Management**

Provide educational program leadership and individual consultation to 463 ranchers who manage 27,000 beef cows; and to 363 hay farmers harvesting 55,000 tons of hay or silage annually.

Educating producers through production conferences, multi-session schools, field days, Panhandle Ag e-News electronic newsletter, Extension web site, and individual consultations.

- **County Extension Director**

Provide leadership for four agents, six support staff, and two facilities managers. Manage both the Jackson County Agriculture Office Complex, and the Agriculture Center livestock show facility.
