### Educational Program Focus

**4-H Youth Development:** Lead a community based 4-H youth development program which teaches life skills. Provide leadership to develop, implement, evaluate, and report accomplishments of the 4-H program in Gulf County.

Recruit, train, manage, and evaluate both adult and youth volunteers in order to carry out the mission of 4-H. Develop confident, responsible, caring youth who will grow to impact their communities.

**Family and Consumer Sciences:** Plan, implement, and evaluate educational programs offered to limited-resource adults & youth in the areas of nutrition, health, food safety, and economizing food dollars through meal planning and food resource management.
