

Ray Bodrey

CED Agent III

Agriculture & Natural Resources/Sustainable
Communities

(850) 639-3200

rbodrey@ufl.edu

232 East Lake Avenue
Wewahitchka, FL 32465

As CED, I provide leadership for one agent and support staff. I am responsible for maintaining and forging strong relationships with community stakeholders, project partners, county administration and state/federal agencies.

Educational Program Focus

Agriculture: small farming operations, land use management, beekeeping, horticulture and master gardener programming.

Natural Resources: Florida Sea Grant efforts in scallop restoration, water quality and conservation, coastal hazard resiliency and master naturalist programming.
