Educational Program Focus:

- **4-H Youth Development**

Provide educational programming leadership for the 4-H Youth Development program in Santa Rosa County. Primary focus is on recruiting, screening, training, managing, and evaluating adult and youth volunteers.

Prudence has been raising and showing poultry since the age of five and shares her over forty years of experience with her 4-H youth. Embryology, sewing and public speaking are huge aspects of her program. Prudence's background in Forensic Accounting and Financial Services allows her to bring a special expertise to her youth. Budgeting, comparison shopping and financial freedom is emphasized in her programming. She also works closely with Santa Rosa County school teachers to bring 4-H into the classrooms. Annually, Prudence works with 120-140 volunteers to provide programming to 4,500-5,500 youth county-wide. Her passion for the 4-H program began as a 4-H member in Hernando County, Florida. Prudence has been married to Kyle for 25 years and they have one son. They live on a pecan orchard in the northern part of Santa Rosa County.
